The data are the result of a calculatory computer analysis of the fragrance formula and are based on currently available analytical data of fragrance ingredients, but not on a gas chromatogram of the fragrance compound as such.

A formula free from 80 allergens may contain sensitive ingredients and therefore may cause an allergy or sensitization.

The data are the result of a calculatory computer analysis of the fragrance formula and are based on currently available analytical data of fragrance ingredients, but not on a gas chromatogram of the fragrance compound as such.

A formula free from 80 allergens may contain sensitive ingredients and therefore may cause an allergy or sensitization.
